Trevor's New Safe house

How to install ?

just copy the files (of course by using open IV) from the folder (Trevor's New Safe house) to :

GTAV\x64h.rpf\levels\gta5\interiors\v_int_26.rpf\

and if you have a mods folder copy it to :

GTAV\mods\x64h.rpf\levels\gta5\interiors\v_int_26.rpf\
